Subject Index of Articles*

Counseling and Guidance Concepts

HISTORY OF DEVELOPMENT
Pterodactyls, passenger pigeons, and personnel workers, 430

OBJECTIVES
Client needs in cities and suburbs, 41
Parable of the good counselor, 118; comment, 124
Disability, rehabilitation, and existentialism, 230
Some notes toward a philosophy of school counseling, 243
Manpower or persons: a critical issue, 338
Junior college counseling: a critical view, 546
The wonderful world we live in, 613
Issues in counseling: elusive and illusional, 796
More about Marsha, 819
Family group consultation: a description and a rationale, 974
Counselors seek to understand themselves: a philosophical inquiry, 1029

METHODS OF PROCESS
The counselor and existentialism, 114
Two roles for elementary school guidance personnel, 367
When the counselor is a disciplinarian, 485
The counselor and preventive psychiatry, 661

ORIENTATION
Number from numbers?, 73
A symposium on existentialism in counseling: prologue, 551
Existentialism in counseling: the religious view, 553
Existentialism in counseling: the humanist view, 558
Existentialism in counseling: the scientific view, 568
Field theory and differential press: implications for counseling, 586
"Two culture" counselors, 715
Phenomenological psychology, 997
Selection, 1048

WORKER
Counselor—or what?, 135
The role of the vocational counselor as an expert witness, 348
Ethical and legal implications of the vocational consultant program, 355
Professional isolation and counselor role, 457
Sources of student perceptions of the role of the counselor, 597
Characteristics of perceived helpers, 687
The influence of counseling on the perception of counselor role, 696
A study in discrimination, 707
Prejudice and counseling effectiveness, 710
Knowledge and counseling competence, 790
Student-to-student counseling for academic adjustment, 811
Personality differences between selected counselors and effective teachers, 886
Perceptions of appropriateness of counselor behavior: a comparison of counselors and principals, 891
Professional educators, parents, and students assess the counselor's role, 1024
Counselors seek to understand themselves: a philosophical inquiry, 1029

Personality

DEVELOPMENTAL PROCESS
Aptitude changes as a function of age, 174
Identification in two vocations: accountants and creative writers, 252
Significant changes in the direction of behavior, 438

THEORETICAL SYSTEMS
Phenomenological psychology, 997

ORGANIZING CONCEPTS
The role of consistency in identifying characteristics of three levels of achievement, 145
Interpersonal understanding and assumed similarity, 155
Avoidance behavior in vocational motivation, 746
A symposium on clinical appraisal in vocational counseling: introduction, 867
Framework for the use of clinical techniques in vocational counseling, 868
The use of clinical techniques in vocational counseling with hospitalized patients, 873
The use of clinical techniques for structuring feedback in vocational counseling, 876
Hazards in the use of clinical techniques in vocational counseling, 879
Some comments on clinical appraisal in vocational counseling, 882
Some comments on clinical appraisal in vocational counseling, 884

COMPONENTS
Personality characteristics of embalmers, 262
Student failure and social maladjustment, 580
Affective differences between successful and nonsuccessful bright ninth grade boys, 600
Personality differences between selected counselors and effective teachers, 886
Perceptions of appropriateness of counselor behavior: a comparison of counselors and principals, 891
Sampling, 1046

TRAIT DIMENSIONS
Anxiety, study problems, and achievement, 45
Persistence in ability-achievement discrepancies and Kuder scores, 383
Occupational preference and social orientation, 574
Performance and characteristics of the confident student, 591
Qualities that differentiate dentists and physicians, 702

CHANGE
School centered play-therapy program, 256
Molders of pupil attitudes, 443
Children's literature can affect coping behavior, 897

* The classification system followed in the subject index was developed by the Bibliography Services Committee of the Division of Counseling Psychology, American Psychological Association (Barbara A. Kirk, Chairman).

Adjustment Factors

INDIVIDUAL
- Anxiety, study problems, and achievement, 45
- Perception of self and scholastic underachievement in the academically capable, 47
- Science, sex, and values, 402
- Snooping for pleasure or profit, 618
- Combs replies, 619

GROUP
- Exploring behavior in men's residence halls using the MMPI, 249
- Sociological studies of occupations as a "way of life," 267
- Characteristics of achievers and under-achievers of a large senior high school, 390
- Vocational rehabilitation of institutionalized delinquent male adolescents, 461
- Personality characteristics of diverse occupational groups, 468
- Student failure and social maladjustment, 580
- Affective differences between successful and nonsuccessful bright ninth grade boys, 600
- Learning and the socially deprived, 646
- Freshman reactions to parents' seminars on a commuter campus, 692
- Race, aptitude and vocational interests, 780
- Sociological studies of occupations, 819
- False negatives and the disadvantaged, 821
- Logic, research and the married college student, 920
- Socio-enonomic status and the use of campus facilities: a tale of two dormitories, 993
- Purpose of admissions testing selection or diagnosis?, 1048

ENVIRONMENTAL
- Client needs in cities and suburbs, 41
- Differential perceptions of "environmental press" by high school students, 678
- Are tests fair to college students from homes with low socio-economic status?, 764
- Social class, social mobility and delinquent behavior, 770
- Family financial power and college attendance, 775
- Aptitude levels in a depressed area, 785

Educational Development

EDUCATIONAL CHOICE FACTORS
- Decision theory and college choice, 17
- A longitudinal study of change in major field of study, 235
- Family financial power and college attendance, 775

ACHIEVEMENT BASES—EDUCATIONAL SKILLS
- Anxiety, study problems, and achievement, 45
- A two-phase analysis of the summer on trial program at the University of Georgia, 929

ACHIEVEMENT PREDICTION—PRE-COLLEGE
- Perception of self and scholastic underachievement in the academically capable, 47
- Attitude toward school and academic achievement, 375
- Characteristics of achievers and under-achievers of a large senior high school, 390
- Field theory and differential press: implications for counseling, 586
- Affective differences between successful and nonsuccessful bright ninth grade boys, 600
- Snooping for pleasure or profit, 618
- Combs replies, 619
- Learning and the socially deprived, 646

ACHIEVEMENT PREDICTION—UNDERGRADUATE
- The selection of high aptitude high school graduates for maximum achievement in college, 33
- Academic achievement as a function of psychological needs, 52
- Admission of the transfer student, 60
- Some effects of a faculty advising program, 139
- The role of consistency in identifying characteristics of three levels of achievement, 145
- High school study habits and college freshman attrition, 188
- Study habits and attitudes, college experience, and college success, 287
- A comparison of pledges and independents, 379
- Persistence in ability-achievement discrepancies and Kuder scores, 383
- Student failure and social maladjustment, 580
- Performance and characteristics of the confident student, 591
- Grades as a criterion measure, 613
- Bringing order into the selection of a college, 654
- Are tests fair to college students from homes with low socio-economic status?, 764
- Counselor experience and accuracy of prediction of client behavior: college, 1011

ACHIEVEMENT PREDICTION—GRADUATE
- Undergraduate grades as indicators of success in master's degree programs in education, 280

SPECIAL POPULATIONS
- School centered play-therapy program, 256
- Affective differences between successful and nonsuccessful bright ninth grade boys, 600
- Race, aptitude and vocational interests, 780
- The Wechsler Adult Intelligence Scale (WAIS) in the counseling of students with learning disorders, 1018

Vocational Development

THEORETICAL ASPECTS
- The development and personality of engineers, 23
- Comment on Sackett's "The relationship of education and earnings," 75
- Goal specificity in the vocational counseling of future college students, 127
- A longitudinal study of change in major field of study, 235
- Sociological studies of occupations as a "way of life," 267
- Perceived parental influence and work-value orientation, 273
- Occupational preference and social orientation, 574
- Sociological studies of occupations, 819
- Occupational careers in organizations: a sociological perspective, 858
- Why college-trained mothers work, 986

CAREERS
- Occupational careers in organizations: a sociological perspective, 858

OCCUPATIONAL CHOICE—ENVIRONMENTAL FACTORS
- Perceived parental influence and work-value orientation, 273
- Avoidance behavior in vocational motivation, 746
- Why college-trained mothers work, 986

OCCUPATIONAL CHOICE—PERSONAL FACTORS
The development and personality of engineers, 23
Differences in occupational choice between ninth and twelfth grade boys, 150
Identification in two vocations: accountants and creative writers, 252
Personality characteristics of embalmers, 262
Concepts of disabilities, 371
Personality characteristics of diverse occupational groups, 468
Occupational preference and social orientation, 574
Qualities that differentiate dentists and physicians, 702
A symposium on clinical appraisal in vocational counseling: introduction, 867
Framework of the use of clinical techniques in vocational counseling, 868
The use of clinical techniques in vocational counseling with hospitalized patients, 873
The use of clinical techniques for structuring feedback in vocational counseling, 876
Hazards in the use of clinical techniques in vocational counseling, 879
Some comments on clinical appraisal in vocational counseling, 882
Some comments on clinical appraisal in vocational counseling, 884
Why college-trained mothers work, 986
Sampling, 1046

OCCUPATIONAL SUCCESS PREDICTION
Personality characteristics of embalmers, 262
Knowledge and counseling competence, 790
Counselor experience and accuracy of prediction of client behavior: rehabilitation, 1015

OCCUPATIONAL ADJUSTMENT
The female rehabilitant, 63
Job satisfaction researches of 1963, 360
Vocational rehabilitation of institutionalized delinquent male adolescents, 461

Measurement

TEST SELECTION AND USE
The attack on testing and counseling: an examination and reappraisal, 6
What to look for in a review of an individual intelligence test, 67
Suggested personality implications of Kuder Preference Record (Vocational) scores, 159
Client recall of test scores, 167
The Stanford Achievement Battery, 1964, 178
Limitations of admissions testing for the disadvantaged, 301
Review of the Differential Aptitude Tests, 396
An empirical evaluation of the American College Testing program, 451
The use of the General Aptitude Test Battery in grades nine and ten, 508
A look at the Flanagan Aptitude Classification Tests, 607
SVIB machine scoring provided by a test scoring agency, 665
Test transparency as related to test response, 669
Barclay and Benson, 715
Reply to Wishart, 715
Are tests fair to college students from homes with low socio-economic status?, 764
A vocational preference rank technique, 801
The improvement of self-understanding through test interpretation, 804
False negatives and the disadvantaged, 821
The American College Test (ACT) tested three ways, 904
A study of the inter-form reliability of DAT tests over a four-month period, 910
A tactual form of the progressive matrices for use with blind children, 912
The Wechsler Adult Intelligence Scale (WAIS) in the counseling of students with learning disorders, 1018
The Project TALENT tests as a national standard, 1038
Psychometrics, 1046
Purpose of admissions testing selection or diagnosis?, 1048

Tests

INTELLIGENCE
What to look for in a review of an individual intelligence test, 67
Characteristics of achievers and under-achievers of a large senior high school, 390
Aptitude levels in a depressed area, 785
A tactual form of the progressive matrices for use with blind children, 912
